

Addenbrooke's Rehabilitation Clinic

User Group information

An online forum is open to all users of the clinic, please click on the link below:

<http://groups.google.co.uk/group/arc-usergroup?hl=en>

A **Discussion Page** aims to give patients an outlet to chat with other people who may have had similar experiences to themselves; it is open to all users of the clinic and provides the opportunity to meet other users and be part of a support network. It also gives a space for patients to give feedback on services provided by the clinic.

The **News Page** is regularly updated with information about the clinic.

An **Articles of Interest Page** contains articles from various sources which are relevant to the facilities of ARC. Useful links will be posted here to other websites of interest.

The forum is monitored by a clinician. All new members and messages need to be verified before they are added to the page.

We are keen to get more members and hope to arrange an event for users of the service in the coming year!
