

Manchester Disablement Services Centre

Prosthetic User Group information

The Manchester DSC Prosthetic User Group was formed in December 1999. It is made up of a cross-section of service users and staff from the DSC. Financial support has been provided by the DSC and the group is actively seeking funding from companies operating in the prosthetic sector.

The objectives of the group are as follows:

- To encourage, promote and facilitate better communication between the DSC and its prosthetic service users
- To provide a forum to allow the views of the service users to be heard
- To give users a say in the running of the centre and the allocation of funds and services
- To encourage, promote and facilitate an interchange of knowledge, skill and ideas between users at the centre
- To promote the dissemination of information through a magazine called 'Goal'

Meetings are held once a month and all users are encouraged to provide items for discussion.

Contributions to the magazine 'Goal' are very welcome.

The Group is currently looking for new members to join them, if you are interested in more information please contact Peter King on 07713 434486 or 01625 528820.
